Approve Bills

The following bills were submitted for approval: (see attached)

Discussion ensued regarding a bill from Fuller & Schaedler Law Offices, P. C., for charges resulting from the State’s prosecution of County Attorney Jerry Williams on charges that were eventually dismissed. The consensus of the Commissioners was that the State, not the County, should be responsible for payment of charges incurred for prosecution of a County official. John P. Lumley made a motion to deny payment of the bill from Fuller & Schaedler Law Offices, P.C., with a letter to be sent to the Honorable Judge Steven Cranfill enclosing the invoice and stating the County’s position on the matter. Frank T. Manning seconded the motion. Motion carried.

Payroll for November, 2008, was \$144,644.82.

Citizen Comments

County resident C.W. Clark appeared before the Commissioners with comments both positive and negative regarding different county offices, county officials and various county issues. The Commissioners thanked Mr. Clark for his participation and comments.

The Hot Springs County Board of Commissioners encourages public input into the dealings of Hot Springs County and appreciates any and all participation at the meetings by its citizens. No action taken

Emergency Management Monthly Report

Emergency Management Coordinator Bill Gordon presented three grants from the Office of Homeland Security for the Commissioners’ signature. John P. Lumley moved to approve the State Homeland

Security Grant in the amount of \$88,564.93 covering the period September 1, 2008 through May 31, 2011. Frank T. Manning seconded the motion. Motion carried. Frank T. Manning moved to approve the Citizen Corps Program Grant in the amount of \$2,872.86 covering the period September 1, 2008 through May 31, 2011. John P. Lumley seconded the motion. Motion carried. John P. Lumley moved to approve the Local Emergency Planning Grant in the amount of \$2,239.23, with a local match amount of \$259.91, covering the period October 1, 2008 through July 31, 2009. Frank T. Manning seconded the motion. Motion carried.

Mr. Gordon reviewed Grant Status Letters received from the Office of Homeland Security regarding unexpended amounts for the 2006 State Homeland Security Grant (\$35,008.84) and the 2006 Citizen Corps Grant (\$1,212.21). These amounts must be expended or encumbered by March 31, 2009. There are a few projects he is considering for the remaining funds, but money will not be spent just for the sake of spending it. Commissioners suggested various projects for these funds, such as additional surveillance cameras. Mr. Gordon will investigate the possibilities.

The initial start-up package has been received from CodeRED and Mr. Gordon is getting that project started.

Public Hearing - Business Committed Grant – VAST Manufacturing

Chairman Brad W. Basse declared the public hearing on the Business Committed Grant for VAST Manufacturing open at 10:04 a.m. EDC Director Lorraine Quarberg reviewed the various aspects of the grant. There will be a 90/10 split on the grant/match funds requirement. VAST Manufacturing will provide 100% of the match requirement, with the amount of the grant not to exceed \$1,000,000.00. The purpose of the grant is to purchase a commercial building located at 832 Black Mountain Road for lease by VAST Manufacturing as a location for their business. The procedure would be similar to that used in the Captel project. Upon receipt of the grant, the County would purchase the building, the EDC would immediately take ownership of the building from the County, VAST would lease the building from the EDC for approximately 18 months, and then VAST Manufacturing would purchase the building from the EDC. Those funds would then go to new EDC projects. Ms. Quarberg pointed out that the County would only be the sponsoring agent for the grant – the County will not be required to put up any matching funds for the project. Discussion followed with questions and input from the Commissioners and various members of the audience. Ms. Quarberg then asked the County Commissioners to approve a resolution authorizing the submission of an application by the County for the grant. Chairman Basse called for further public comment. Hearing none, he declared the public hearing closed at 10:25. John P. Lumley moved to approve Resolution #2008-08 (see following item). Frank T. Manning seconded the motion. Discussion: Chairman Basse congratulated EDC Director Quarberg on her preparation of the resolution and application for this project. Motion carried.

Courthouse Maintenance Monthly Report

Maintenance Foreman Chuck Carver reported that the Christmas lights are up and running. The roof drain problem in the emergency stairwell has been corrected and associated repairs are underway. At the same time, all roof drains, roof vents and storm sewers have been cleaned and repaired. The Oddfellows building cleanup is mostly complete and asbestos abatement will commence on Monday, December 8. The roof HVAC unit on the museum is still having problems – he is working on it.

Mr. Carver asked that the Commissioners consider reducing the number of sick days required to be accumulated before employees could donate unused leave to another employee.

County Clerk Hans Odde asked Mr. Carver to see that water is available at the Oddfellows building during the asbestos abatement project. Museum Board representative Dick Hall was notified that the ramp from the building could be removed starting December 22nd. Commissioners directed Clerk

Odde coordinate with Mr. Carver to develop a list of possible salvage items and advertise for bids from the public during the first week of January, 2009.

Red Rock Business Park

EDC Director Lorraine Quarberg presented Red Rock Business Park Draw Down Request #20 in the amount of \$49,551.47. The Wyoming Business Council's portion is \$45,587.00 and the EDC's portion is \$3,964.47. Ms. Quarberg reported that the fencing is nearly complete, the irrigation system has been winterized, advertisement for final payment to DRM is in progress, and bids are due this week for final landscaping and the South Thermopolis Water & Sewer Expansion project. Chairman Brad W. Basse recused himself from discussion and voting due to his status as a subcontractor on the project. John P. Lumley moved to approve Draw Down Request #20 in the amount of \$45,587.00. Frank T. Manning seconded the motion. Motion carried.

EDC would like to change the name of the business park to Red Rock Commercial Center. Due to the covenants, the Commissioners must approve the name change. Frank T. Manning moved to approve the name change from Red Rock Business Park to Red Rock Commercial Center. John P. Lumley seconded the motion. Motion carried.

Commissioners asked Ms. Quarberg for an update on the Interagency Interpretive Center. She has requested that the bill draft be prepared, but does not have a draft back at this time. The Commissioners reiterated their firm support of this legislation and asked Ms. Quarberg to keep them informed as to its progress.

Planner Monthly Report

County Planner Lee Campbell reviewed an article from the Wyoming Livestock Roundup magazine by Kara Brighton regarding irrigation issues to be considered before approving subdivisions, and a letter from the Land Use Planning Commission to Russell and Lisa Pearce regarding their proposed subdivision and associated water issues. Planner Campbell wanted the Commissioners to be aware of the Land Use Planning Commission's stance on these issues prior to the Wyoming County Commissioners Association meeting in Rock Springs next week, as he anticipates these water rights issues may come up for discussion at that time. Planner Campbell also asked that the Commissioners make sure the issues discussed during their November 18, 2008 conference call regarding the Ag Use Protection Policy are considered at the WCCA meeting next week. As a member of the Public Lands subcommittee in the State Legislature, Lorraine Quarberg requested that she receive a copy of all future correspondence on the discharge water issue.

Youth Alternatives Program Monthly Report

Youth Alternatives Director Bob Wyss reported that there are currently 9 participants in the program – 8 here in Thermopolis and 1 in the Group Home in Basin. A check of the weekly grade reports indicates that most of the participants have improved their grades since beginning the program. Mr. Wyss will be attending a public hearing in Riverton this month regarding proposed DFS Community Juvenile Services Boards Rule Changes. He will participate in a pizza lunch at noon today with representatives from various high school student groups to discuss youth alcohol problems and possible positive impacts that individual group members can have on those problems.

Director Wyss presented Draw Down Request #17 for the WCCA/OJJDP Grant in the amount of \$835.01. John P. Lumley moved to approve DDR #17 in the amount of \$835.01 for the WCCA/OJJDP "Non-Participating" State Grant #2006-JF-FX-K002. Frank T. Manning seconded the motion. Motion carried.

Consider Public Health Building Contract

Fred Bronnenberg, representing Groathouse Construction, the Construction Manager At Risk (CMAR) for the Public Health Building project, appeared before the Commissioners to discuss the Building Contract for the new Public Health Building. The County Attorney has not yet had the opportunity to review the contract, so contract approval was tabled until the next regular Commissioner meeting. A work session will be held at 3:00 p.m. on December 16 involving representatives from Plan 1

Architects, Mr. Bronnenberg, County Clerk Hans Odde and the Commissioners to work on planning and scheduling issues regarding construction.

Lodging Tax Election

Lodging Tax Board Member Mark Mortimore appeared before the Commissioners to request the County hold a special election in May, 2009 to consider the continuation of the 4% Lodging Tax on lodging services in Hot Springs County. The Special Election is necessitated by failure of the Lodging Tax Board to request placement of the issue on the ballot in the 2006 and 2008 General Elections. Frank T. Manning moved to approve a Special Election to be held on May 5, 2009 to decide the Lodging Tax issue. John P. Lumley seconded the motion. Motion carried.
